OXFORD AND CAMBRIDGE IN TIE

Each University Won Five Events in Annual Field Sports
Meet—American Athletes Assist Oxford Greatly—
Grand Circuit Races Announced.

London, March 14.—Oxford and Cambridge universities tied with five events each in their annual athletic sports meeting held at Queens' club, London, today.

Cambridge, however, alone bested the hammer throwing, the high jump, mile flat and the three miles flat races, while Oxford won the 100 yards flat, the quarter mile flat, the half mile flat and the 120 yards hurdles as well as the broad jump.

Cambridge, however, alone bested the hammer throwing, the high jump, mile flat and the three miles flat races, while Oxford won the 100 yards flat, the quarter mile flat, the half mile flat and the 120 yards hurdles as well as the broad jump.

Another American Rhodes scholar, H. R. Stolz, of Leland Stanford, was placed second in the 100 yards sprint, while E. P. Hubble of Chicago was third in the hammer throwing and the 100 yards sprint.

Cambridge also had an American student, F. Sproule, of Stone school,

FINANCIAL AND COMMERCIAL

LAGGING INTEREST.
Stock Market Transactions Light Until
Last Hour.

New York, March 14.—Trading was small but suspended after a drive at prices in the forenoon had forced down some of the leading issues a point or so. Speculative interest lagged and periods of several minutes elapsed without a transaction. In the noon hour only 12,000 shares of stocks changed hands. The market dragged along in this fashion until the last hour, when a spirited rally eliminated the earlier losses in most cases.

Traders were interested chiefly in the Harriman stocks to the effort at the eleventh hour to put through a dissolution plan before the expiration tomorrow of the agreement with the underwriting syndicate. Although news of this project, coming shortly before the close yesterday, sent up prices, traders were inclined to take a more conservative view today. The chance of further opposition from the California railroad commission and doubts as to the status of Southern Pacific under the plan confused speculative opinion, and there was a strong inclination to allow the market to drift until some definite word should be received regarding the outcome of the negotiations. Southern Pacific was downed early in the day to 38 1/8, a drop of 2 5/8 and a new low point for the decline.

The upturn in the market in the last hour was based upon the hurried calling of a meeting of the Union Pacific board, at which, according to reports in the street, the new dissolution plan was formally ratified.

New Haven's decline continues, with a further drop in Boston and Maine, a controlled line, in the Boston market, on persistent rumors concerning the dividend policies of the companies. New Haven sold down 2 3/4 to 118 3/4, a new low figure.

London did little in this market today. The restraining influence of foreign monetary conditions was still felt and call money loaned up to 5 1/2 per cent. here. Known movements of currency during the week indicated a cash loss of only about \$1,000,000 despite the gold exports, but the maintenance of some bank statement tomorrow.

The bond market was steadier today than for some time. Total sales, \$1,500,000. United States bonds were unchanged on call.

The Manhattan's Brilliant Showing of Men's Spring Clothes

Men and young men who want new clothes for Easter and the days to follow. Come to this store and see the wonderfully fine showing of spring and summer apparel we have ready for your most careful consideration.

From the House of Kuppenheimer—Clothcraft—Alfred Benjamin & Co. and a half a dozen more of the country's makers come these splendid spring clothes. We have been very busy for many weeks, in fact, for months in carefully reviewing and selecting the clothing which we now offer to the discriminating dressers of Norwich and vicinity. We have literally searched the markets of this country in our effort to secure the best and it is with the utmost confidence in their superiority, that we now offer for your inspection, your consideration and your purchase the happiest, brightest combination of styles, fabrics and shades which we have ever seen.

And we have priced these exceptional garments at such low figures that every man can be well dressed in the best clothes he ever had at very moderate cost.

out on the neck. Smith was wild throughout the round, succeeding in landing only a couple of lefts on the face.

Rushes Puzzled Wells.
Wells came out of his corner for the second round smiling and confident. But Smith rushed him, landing a hard right in the stomach. Smith rushed again, looking his left to the head and landing a right overhand swing to the jaw.

Wells went down for a count of five seconds and got up dazed. Smith was right on top of him, hooking left and right, and with a left hook to the jaw and a right swing to the back of the head sent Wells down again for a count of nine.

Wells struggled to his feet, but was hardly able to raise his hands in defense, while Smith crossed his right foot to the point of the jaw, sending Wells down and out for good.

While Wells was on the floor for a count of six the bell rang, ending the round. Wells still lay helpless. He had to be carried to his corner and was unable to leave the ring, and then had to be assisted.

Result a Surprise.
The result was a complete surprise, and the first of the major fights of the season. Smith, who was expected to win easily, was easily outpointed.

The men weighed in at 145 and 155 pounds. Smith was at the ring side, while McCarthy was at the ring side during the bout.

CAPTAIN HILL'S ROLLERS
DEFEAT OWLS SPECIALS.
Hillites Win by 21 Pins on Total—Donahue Hits 140 and Totals 539.

Captain H. Hill's duckpin team triumphed over the Owls Specials Friday night on the Aids in a total of 1407 to 1389 in spite of the fact that it was the first time the latter team had the lead. "Red" Donahue covered himself with glory and was easily the star of the match with a total of 539. He was able to score for only 94 in the first string, but warmed up as the match went on, setting 105 in the second and the final match of 140 in his third. H. Hill did some classy work, but was most erratic, getting 131 in his first string, but failing to 79 in the second. His total was 322.

HOCKEY IS MADE
A MAJOR SPORT.
Players Will Hereafter Be Awarded Their Harvard-Yale Glass Crew Race on Charles River.

Cambridge, Mass., March 14.—Hockey was added to the list of major sports at Harvard today at a meeting of the athletic committee of the university tonight. Members of this year's team and of future teams will be permitted to wear the "H" which in this case will be a crimson letter with a white edge on a black sweater.

The committee ratified arrangements for a Harvard-Yale glass crew championship race to be rowed on the Charles river on May 17 as a preliminary to the Harvard, Princeton, Pennsylvanian race.

The glass crew will row in their respective waters, and the winner of each race will take part in the championship events here. Next year's race will be at New Haven probably.

by the James R. Keene estate to J. N. Camden of Versailles, Ky., for \$10,000.

George Stone, formerly of the Browns, who once led the American league in hitting, is still looking for a berth as a minor league manager.

Announcement was made last night that the Yale baseball team will appear at Newfield park Bridgeport, on April 12 to battle with Gene McCann's Mechanics.

Lefty Leverenz, formerly of Hartford, and later with the Los Angeles team, who suffered the humiliation of being drafted by the St. Louis Browns last season, is a holdout. He refuses to report at the training camp at Waco Texas until the subway diggers show more coin.

Dan Meehan, Columbia's star basketball player and captain for next year, ought to make a first-class second to Russell Healy in the spotlight. As a schoolboy at La Salle he was one of the best in his school days, though not quite as class with Larry Whitney, now at Dartmouth.

John Paul Jones, holder of the world's record for running a mile as an amateur, will probably never meet Abel Kiviat in actual competition at this distance. Jones is very insistent that he will close his athletic career when he graduates from Cornell June. This being the case, Jones and Kiviat will never clash.

Hugh Rorty, one of the most capable men handling an indicator in the Connecticut and New England leagues in recent years, will be missing in the latter circuit this season. There is some talk between Hugh and Jake Morse. The Worcester Gazette reports Hugh's going in this language: "They are going to have a tough time finding a man that will run the game in the businesslike way which the several tapper Hartford boy did. He was one umpire in the league that feared neither player nor fan, and he gave his decisions as he saw them."

Manager Steval of St. Louis has but three visitors in Waco, Tex., himself, Austin and Wallace. "What I am trying to do is to develop a championship team," says Steval, "and the only way to do it is to develop players. There will be nothing like hard practice for the first three weeks. St. Louis climate is warm and inclined to make players go stale. Therefore, I would rather have them somewhat backward than on edge when the season opens." Steval has given out the rules for the training camp. One of these was no cigarette smoking before breakfast.

JEWETT CITY.
Business Associates Gather for Farewell Party to Joseph Labonne—Presented Handsome Gift.

Joseph Labonne was given a farewell party at the home of Mr. and Mrs. Clarence Kahn Thursday evening. He is to leave Monday for Cornwall, Ontario, where he is to enter the employ of the Canadian Cotton company as master mechanic. Mr. Labonne has been employed at the Slater mills as master mechanic for the past ten years and it is with great regret that his employers and shopmates, as well as the friends outside the works, learn of his contemplated removal from town. The friends who have been most closely associated with him in business, through Supt. F. D. Ballou, presented him an Elk's tooth watch charm. They were F. D. Ballou, J. E. Phillips, G. H. Prior, W. Blake, William Brennan, Thomas McBroome, Joseph Stahf, James Jordan, Clarence Kahn, Jerry Jarvis, Horace Parkhurst, C. E. Ray, Louis Vachon, Fred Bechard, Charles King of Jewett City and Harry Manning of New Bedford, Mass. Mr. and Mrs. Kahn did everything in their power to make the evening pleasurable and before the company dispersed served refreshments. Mr. Labonne will be especially missed in musical circles, for he was the leader of the Jewett City band and has played in several orchestras as cornetist.

Makes Hard Work Easy!

DUSTING, cleaning and polishing hardwood floors is hard, back-breaking work. An almost never ending task and seldom satisfactory the old way. But it is easy, quick and satisfactory the new way—using the O-Cedar Polish Mop. With it you can spend a few minutes doing what it now takes you almost half an hour. You simply pass the O-Cedar Polish Mop over the floor and every particle of dust and dirt is taken up and held. The floor is given a clean, desirable, lasting polish and shines.

To Promote Corn Growing in New London and Windham Counties The Bulletin makes this offer for the best acres of corn grown by boy or man.

Who May Compete—Any farmer or farmer's boy in New London or Windham Counties may compete. No contestant will be awarded more than one prize. Only one entry can be made from a farm, which can be made by the owner, his son, or lessee.

Date of Entry—Notice of intention to compete should be sent to The Bulletin Company on or before April 1, 1913. It will be better to write for blanks now, and familiarize yourselves with the details.

Amount of Land—Any amount of land may be planted, provided it is actually one acre or over in extent. The awards will be made upon the yield of one acre only. This acre must be one piece, and may be selected by the contestant at harvest or before, but must come within and be a part of the place entered in the contest.

The quality of the corn will be decided by a free laboratory test made by the Storrs College expert from one quart of selected corn.

IT WILL REQUIRE FIFTY NAMES TO WARRANT THE COMPETITION.
